

Warm & Healthy Homes

Are you struggling to keep your home warm?

Give your home a FREE Energy Check!

ENERGY PROJECTS PLUS
towards a sustainable future

We're offering free home energy checks to anyone who is vulnerable to living in a cold home:

- Over 65s
- Children under 5
- Pregnant women
- Health condition affected by cold (respiratory illness, heart condition)

Our expert advisors will help you:

- Switch to a cheaper energy tariff
- Identify cost saving improvements to your home, and help you find funding to install them
- Check you are receiving the right benefits
- Provide advice about the most efficient way to heat your home and avoid damp and condensation

We have grants for:

- New boilers
- Boiler repairs
- Insulation
- Draught proofing
- New central heating systems
- Heating controls
- Radiator reflector panels

Plus - Free LED lightbulbs, energy monitors and water saver packs.

We can help you make real savings on your energy bills as well as making your home warmer this winter.

**To request your free home energy check call: 0800 043 0151 or
Email your name, address and phone number to: advice@epplus.org**
